EG Declaration of agreement

Series

CF130.UL, CF140.UL, CF5, CF6, CF170.D, CF180, CF77.UL.D, CF78.UL, CF2, CF9, CF10, CF9.UL, CF10.UL, CF98, CF99, CF240, CF240.PUR, CF211, CF11, CF113, CF12, CFBUS.PVC, CFBUS.PUR, CFBUS, CF11.LC, CF11.LC.D, CF14.CAT5, CF111.D, CF113.D, CF11.D, CFLG.2H, CFLK, CFLG.G, CFKoax1, CFTHERMO, CF210.UL, CF21.UL, CF270.UL.D, CF27.D, CF30, CF31, CF34.UL.D, CF35.UL, CF37.D, CF38, CF300.UL.D, CFPE, CF310.UL, CF330.D, CF340, CFROBOT9, CFROBOT8, CFROBOT7, CFROBOT6, CFROBOT5, CFROBOT4, CFROBOT, CFFLAT, CFBRAID & CFCRANE

Dear ladies and gentlemen,

the products mentioned above agree with the European Guideline

2006/95/EG	Directive of the European parliament and of the council on the harmonisation of laws of Member states relating to electrical equipment designed for use within certain voltage limits.

The EG low voltage directive 73/23/EWG of 1973 was considerably changed by the EG guideline 93/68/EWG, 20 years after its acceptilation. For the simplification of law the guideline 2006/95/EG was adopted as „new“ EG low voltage directive, which was publicised in the official journal of the EU at the 27.12.2006. The new EG low voltage directive 2006/95/EG becomes effective on the 16th January 2007, at the same time the guideline 73/23/EWG expires.

Yours sincerely,

Dipl.-Ing. (FH) Rainer Rössel
